**Employment and Unemployment
Situation in India
1999-2000
(Part – II)**

**NSS 55th ROUND
(July 1999 – June 2000)**

National Sample Survey Organisation
Ministry of Statistics & Programme Implementation
Government of India

May 2001

Preface

The National Sample Survey Organisation (NSSO) has been carrying out all-India household surveys on employment and unemployment with a large sample usually once in five years. The sixth such survey was conducted in the 55th round (July 1999 – June 2000). The previous five quinquennial surveys were conducted during the 27th (October 1972 - September 1973), the 32nd (July 1977 - June 1978), the 38th (January-December 1983), the 43rd (July 1987 - June 1988) and the 50th (July 1999-June 2000) rounds.

This report features the main results of the survey. It contains nine Chapters and an Appendix. Of these, Chapter 1 is introductory while Chapter 2 deals with the concepts and definitions of important terms used in the survey and which are relevant to this report. Chapters 4 to 9 deal with the summary findings of the survey and their comparison with results of the previous surveys.

The schedule of enquiry for the survey is broadly similar to that adopted in previous quinquennial rounds. The Field Operations Division (FOD) of the Organisation conducted the fieldwork for the survey. The collected data were processed and tabulated by the Data Processing Division (DPD) of the NSSO. The Survey Design & Research Division (SDRD) of the NSSO developed the survey design and prepared the report. I am grateful to the Chairman and members of the Governing Council and Heads of various Divisions of the NSSO and their colleagues for the contribution made in preparing the report.

Comments/suggestions from the readers will be most welcome.

List of Appendix Tables Part - II

The present publication, Part-II of report no.458, which is in continuation to Part-I of the same report, contains 47 Appendix tables as per details mentioned below. Part –I of this report contains the introduction, concepts and definitions and the sample design and estimation procedure and the summary findings based on the results of the survey along with the highlights of these findings. Part-I also contains 29 Appendix Tables. The contents of Part-I are not repeated in Part-II.

table no.	title	page no.
45	Per thousand distribution of persons by age-group for each principal usual activity category	A-137
46	Per thousand distribution of persons by age-group for each usual activity category taking also into consideration the subsidiary economic status of persons categorized 'not working'	A-143
47A	Per thousand distribution of persons of age 15 years and above by general education category for each principal usual activity category	A-149
47B	Per thousand distribution of persons of age 15 years and above by principal usual activity category for each general education category	A-155
48A	Per thousand distribution of persons of age 15 years and above by general education for each usual activity category taking also into consideration the subsidiary economic status of persons categorised 'not working'	A-164
48B	Per thousand distribution of persons of age 15 years and above by usual activity category taking also into consideration the subsidiary economic status of persons categorised 'not working' for each general education category	A-170
49	Per thousand distribution of persons of age 5 years and above other than usually unemployed who sought /were available for work for each principal usual activity	A-179
50	Per thousand distribution of 'usually working' persons by their industry group and sex	A-182
51	Per 1000 distribution of persons usual activity category taking also into consideration the subsidiary economic status of persons categorised 'not working' for each household monthly per capita expenditure class.	A-195
52R	Per thousand distribution of persons by usual activity category taking also into consideration the subsidiary economic status of persons categorised 'not working' for each household type for rural areas	A-201
52U	Per thousand distribution of persons by usual activity category taking also into consideration the subsidiary economic status of persons categorised 'not working' for each household type in urban areas	A-204
54R	Per thousand distribution of persons by usual activity category taking also into consideration the subsidiary economic status of persons categorised 'not working' for each household land cultivated class for rural areas	A-207
55	Per thousand distribution of persons by usual subsidiary economic activity (I) for each usual principal activity	A-210
56	Per 1000 distribution of persons by number of subsidiary activities pursued for each usual principal activity category	A-216
57	Per thousand distribution of persons having some subsidiary economic activity by usual subsidiary economic activity (II) for each usual subsidiary economic activity (I)	A-222
58	Per thousand distribution of persons by usual subsidiary economic activity (II) for each usual principal activity	A-228
59	Per thousand distribution of persons by status of registration in the employment exchange & general education for different age groups and activity statuses	A-234

List of Appendix Tables (contd.)

table no.	title	page no.
60R	Per thousand distribution of working persons-days by type of operation for each broad current daily work activity for rural areas	A-246
61	Per thousand distribution of person-days by current daily activity for each household monthly per-capita expenditure class	A-247
62	Per thousand distribution of person-days by current daily activity for each household type	A-253
63R	Per thousand distribution of person-days by current daily activity for each household land cultivated class for rural areas	A-259
64	Distribution of working person-days (estimated) of current daily status workers who are either regular wage/salaried or casual wage labourers by periodicity of payment for each current daily status work	A-262
65	Per 1000 distribution of working person-days (estimated) of workers who are either regular wage/salaried or casual wage labourers by broad classes of modes of payment for each current daily status work	A-268
66	Per 1000 distribution of persons of age 15 years and above by current weekly activity for each education category	A-274
67	Average wage/salary earnings (Rs. 0.00) per day received by regular wage/salaried employees of age 15-59 years by sector (industry) of work and broad education category	A-280
68	Average wage/salary earnings (Rs. 0.00) per day received by regular wage/salaried employees of age 15-59 years by occupation groups and broad education category	A-286
69R*	Average wage earnings (Rs. 0.00) per day received by casual wage labourers by age-group, type of operation, sex and sub-round for rural areas	A-292
69U*	Average wage earnings (Rs. 0.00) per day received by casual wage labourers (51) by age-group, industry, sub-round and sex for urban areas	A-304
70	Number of days worked in a week by usual status casual wage labourer (ps+ss) and the average wages receivable per person day worked in a week for each casual work status and sector	A-310
71	Per 1000 distribution of persons working according to current weekly status by number of days with nominal work and number of days worked in a week	A-316
72	Per 1000 distribution of self-employed persons according to usual status (ps+ss) by number of days with nominal work and number of days worked in a week	A-318
73	Per thousand distribution of persons in the labour force according to current weekly activity status and average number of days worked in a week by number of days seeking/available for work (unemployed) in a week for each sub-round	A-322
74	Per thousand distribution of persons in the labour force according to current weekly activity status and average number of days seeking/available for work (unemployed) in a week by number of days worked in a week for each sub-round	A-328
75	Per thousand distribution of the self-employed persons according to usual activity status (ps+ss) and average number of days seeking/available for work (unemployed) in a week by number of days worked in a week for each sub-round	A-334
76*	Per thousand distribution of person-days by current daily activity for each usual activity taking also into consideration the subsidiary economic activity for persons categorised 'not working' in the principal status	A-346
77	Per 1000 distribution persons of age 15-59 years unemployed on all the 7 days of a week who ever worked by duration of last employment for each broad general education category	A-362
78	Per 1000 distribution of persons of age 15-59 years unemployed on all the 7 days of a week who ever worked by reasons for break in employment for each broad industry (division as per NIC 1998) of last employment	A-368

List of Appendix Tables (contd.)

table no.	title	page no.
79	Per 1000 distribution of persons of age 15-59 years unemployed on all the 7 days of a week who had ever worked by reasons for break in employment for each occupation group (as per NCO 1968) of last employment	A-374
80	Proportion of principal workers per 1000 usual status workers of age 15 years and above i) with mostly full time work and ii) who have worked more or less regularly and by activity status and broad industry division	A-386
81	Per 1000 distribution of usual status workers who were without work for at least 1 month by availability of work and period without work for each activity status and broad industry division	A-404
82	Per 1000 distribution of usual workers (ps+ss) who were without work for at least 1 month and who sought or were available for work on at least some days during those month(s) by nature of efforts made to get work for each usual status work sought.	A-416
83*	Per 1000 distribution of usually working persons (15 and above) who had sought or were available for additional work by duration and reason for seeking work/availability for additional work for each activity status	A-422
84	Per 1000 distribution of usually working persons (15 and above) who had sought or were available for alternative work by duration and reason for seeking work/availability for work for each activity status.	A-435
85	Per 1000 distribution of usually working (ps+ss) persons (age 15 years & above) by existence of trade union/associations in their activity and membership for each broad usual activity status.	A-446
86	Per 1000 distribution of workers (ps+ss) (of age 15 years & above) by their nature of employment and type of Provident fund subscribed to for each broad general education standard and number of permanent workers per 1000 workers	A-449
87	Number of usual principal status employed per 1000 persons of age 15years & above who changed establishment of work, status of work during last two years and per 1000 distribution of those who changed their status of work by the last work activity status for each broad general education standard and usual activity status	A-455
88	Number of usual principal status employed per 1000 persons of age 15years & above who changed industry (division) of work during last two years and per 1000 distribution of those who changed their industry of work by the industry of last usual work activity for each broad present usual principal status and broad industry (division)	A-461
89	Number of usual principal status employed per 1000 persons of age 15 years and above who changed occupation (division) of work during last two years and per 1000 distribution of those who changed their occupation of work by the occupation of last usual work activity for each broad present usual principal status and occupation division	A-467
90	Per 1000 distribution of principal status workers of age 15 years and above who have changed industry or occupation by reason for such change of job for each broad education and age group	A-479

* Table nos. 69, 76 & 83 were presented as table nos. 10, 8 & 9 respectively, in NSS Report No. 455.
