Dated: 11th February 2014

Sub: Instructions to Field Staff, Vols. I & II, NSS 71st Round: Modification in code list for Sch.25.0, Block 11, item 10

It has been brought to the notice of SDRD that the list of responses provided for a particular item of Sch.25.0 ó viz., Block 11, item 10 (outcome of pregnancy) ó does not cover all the possible outcomes of pregnancy. In particular, there is no code available for the case where a pregnant woman dies before her child is due for delivery.

It has been decided in consultation with the Chairman, Working Group for NSS 71st Round, and Dr. Sundararaman, NHSRC representative in the Working Group, that a code for 'other' outcomes of pregnancy will be added to the existing code list for this item.

Hence the code list for Block 11, item 10, of Sch.25.0 is changed as follows:

Earlier code list	Revised code list
live birth -1, stillbirth -2, abortion -3, pregnancy continuing -4	live birth -1, stillbirth -2, abortion -3, pregnancy continuing 4, other -9
