Version

VERSION DESCRIPTION

V 1.0: Re-organised anonymized dataset for public distribution

PRODUCTION DATE

2012-09-03

Overview

ABSTRACT

Through this schedule, it is aimed to collect information relating to availability of some general facilities to the villagers like education, Facilities for cultural activities and health and Facilities for disabled persons. If a facility is available in general to the villagers, it is considered as a facility. The required information has been obtained by contacting the village officials and / or other knowledgeable person(s). In case they were not aware of the existence of a particular facility, the nearest Block Development Officer or other related Agencies were contacted for collection of the relevant information.

KIND OF DATA

Sample survey data [ssd]

UNITS OF ANALYSIS

Randomly selected Villages based on sampling procedure

Scope

NOTES

A large section of India's population lives in rural areas. It was thus pertinent to know the quality of life of the people in the villages, which in turn largely depended on the facilities available to the villages.

Also, policy interventions aimed at improving the quality of life in the villages demanded information on the facilities available to the people of rural India.

Information on the availability of various infrastructural facilities in the villages used to be collected by the National Sample Survey, more or less regularly, till the NSS 22nd round. Thereafter such information was collected only in a few NSS rounds. During the NSS 47th round (July-December 1991), the main subject of which was 'Disability and Culture', a detailed survey on the facilities available to the villages was conducted.

The enquiry included the collection of information on availability of facilities to the disabled persons in the sample villages.

TOPICS

Topic	Vocabulary	URI
Education	World Bank	
Health	World Bank	

Topic	Vocabulary	URI
Infrastructure	World Bank	
Social Development	World Bank	

KEYWORDS

Educational Facilities, Pre-Primary School;Primary School;Middle School;Secondary School;Higher Secondary School/Junior College, College with Degree Courses;Industrial Training Institute (ITI);, Distance of facility from the centre of Sample village, Non-formal Education Centre (NFEC);, Integrated Child Development Service Centre (Anganwadi/ Balwadi);, Facilities for Disabled Persons, Integrated Educational Centre, Special School for the Blind, Special School for the Deaf and Dumb, Special School for the Mentally Retarded;., Vocational Training Centre, Institution / Organization for the Rehabilitation of Disabled Persons, Mobile Rehabilitation Services, Pre-primary school/Primary school, Middle school, Secondary/Higher Secondary school, College with degree course

Coverage**GEOGRAPHIC COVERAGE**

Geographical coverage: The survey covered the whole of the Indian Union except (i) Leh and Kargil districts of Jammu & Kashmir, (ii) interior villages of Nagaland situated beyond five kilometres of the bus route and (iii) villages in Andaman and Nicobar Islands which remain inaccessible throughout the year.

UNIVERSE

The survey covered randomly selected Rural villages of the country.

DDI DOCUMENT VERSION

Version 1.0 (September, 2012)

DDI DOCUMENT ID

DDI-IND-NSS-47th-SCH-3.1-Village-Facilities-1991

Sampling

Sampling Procedure

No documentation available.

Deviations from Sample Design

There was no deviation from the original sampling design

Weighting

Multiplier has been posted for sub-sample and combined using the Directory data as per multiplier layout. WGT_Combined and WGT_Sub_Sample may be applied for estimation. However, it has been observed that estimate with the WGT_Combined turns out to be 6295688 which seems to be about 10 times more in comparison to Census 1991 ie 634,321. Therefore, Multiplier may be divided by 10 to get the correct figure.

Directory file and its layout are in the External Resources.

Questionnaires

Overview

Schedule 3.1 consists of the following blocks:

Block 1: identification of sample village

Block 2: particulars of field operation

Block 3: distance from nearest facility

Block 4: remarks by investigator

Block 5: comments by supervisory officer(s)

Block 3 is the main block of this schedule and is meant for recording the information relating to distance of specified facilities from the centre of the sample village.

Block 1 is meant for recording the identification particulars of the sample village. Block 2, 4 and 5 are used for official purposes to record the particulars relating to field operations, Remarks of the investigators and those of the supervisory officer(s) respectively.

Data Collection

Data Collection Dates

Start	End	Cycle
1991-07-01	1991-12-31	N/A

Data Collection Mode

Face-to-face [f2f]

Data Collection Notes

The information on the facilities available to the villagers was collected from one or more knowledgeable persons of the village. In case there were more than one source, then the informant from whom the maximum information was collected was considered.

Questionnaires

Schedule 3.1 consists of the following blocks:

- Block 1: identification of sample village
- Block 2: particulars of field operation
- Block 3: distance from nearest facility
- Block 4: remarks by investigator
- Block 5: comments by supervisory officer(s)

Block 3 is the main block of this schedule and is meant for recording the information relating to distance of specified facilities from the centre of the sample village.

Block 1 is meant for recording the identification particulars of the sample village. Block 2, 5 and 6 are used for official purposes to record the particulars relating to field operations, Remarks of the investigators and those of the supervisory officer(s) respectively.

Data Collectors

Name	Abbreviation	Affiliation
Field Office Division (NSSO)	FOD (NSSO)	Ministry of Statistics and PI, Govt. of India

Supervision

Field Office Division of NSSO, Ministry of Statistics and PI.

Data Processing

Data Editing

Data was collected as per the Questionnaire 3.1. But for processing purposes, a flat file was created using the identification particulars from Block 1 and Village facility information from Block 3. Data editing, scrutiny and validation were carried out as per the scrutiny checks and corrected manually.

Data Appraisal

Range: 0-49	Mean: 10.2
	Standard deviation: 6.8

Literal question

Number of Combined sample

Multiplier-sub sample (WGT_Sub_Sample)

File: NSS47Data

Overview

Type: Continuous	Valid cases: 4298
Format: numeric	Invalid: 0
Width: 6	Minimum: 8
Decimals: 0	Maximum: 139121
Range: 0-139121	Mean: 2922.6
	Standard deviation: 6354.4

Literal question

Multiplier-sub sample

Multiplier-Combined (WGT_Combined)

File: NSS47Data

Overview

Type: Continuous	Valid cases: 4298
Format: numeric	Invalid: 0
Width: 5	Minimum: 4
Decimals: 0	Maximum: 69561
Range: 0-69561	Mean: 1464.8
	Standard deviation: 3210.6

Literal question

Multiplier-Combined

State (ST_CD)

File: NSS47Data

Overview

Type: Discrete	Valid cases: 4298
Format: numeric	Invalid: 0
Decimals: 0	Minimum: 2
	Maximum: 33
	Mean: 13.5

Literal question
