Overview

ABSTRACT
The millions of farmers of India have made significant contributions in providing food and nutrition to the entire nation and provided livelihood to millions of people of the country. During the five decades of planned economic development, India has moved from food-shortage and imports to self-sufficiency and exports. Food security and well being of the farmer appears to be major areas of concern of the planners of Indian agriculture. In order to have a snapshot picture of the farming community at the commencement of the third millennium and to analyze the impact of the transformation induced by public policy, investments and technological change on the farmers' access to resources and income as well as well-being of the farmer households at the end of five decades of planned economic development, Ministry of Agriculture have decided to collect information on Indian farmers through "Situation Assessment Survey" (SAS) on Indian farmers and entrusted the job of conducting the survey to National Sample Survey Organisation (NSSO).

The Situation Assessment Survey of Farmers is the first of its kind to be conducted by NSSO. Though information on a majority of items to be collected through SAS have been collected in some round or other of NSS, an integrated schedule, viz., Schedule 33, covering some basic characteristics of farmer households and their access to basic and modern farming resources will be canvassed for the first time in SAS. Moreover, information on consumption of various goods and services in an abridged form are also to be collected to have an idea about the pattern of consumption expenditure of the farmer households.

Schedule 33 is designed for collection of information on aspects relating to farming and other socio-economic characteristics of farmer households. The information will be collected in two visits to the same set of sample households. The first visit will be made during January to August 2003 and the second, during September to December 2003. The survey will be conducted in rural areas only. It will be canvassed in the Central Sample except for the States of Maharashtra and Meghalaya where it will be canvassed in both State and Central

samples.

KIND OF DATA
Sample survey data [ssd]

UNITS OF ANALYSIS
Household (farmer)

Scope

NOTES
The scope of Situation Assessment Survey includes:

- Household characteristics

- Demographic and other particulars of household members (viz., relation to head, sex, age, marital status and general education), nature of work, current weekly status, wage and salary earnings etc.

- Perception of household regarding sufficiency of food

- Perceptions regarding some general aspects of farming

- Particulars of land possessed during Kharif/Rabi

- Area under irrigation during Kharif/Rabi

- Some particulars of farming resources used for cultivation during Kharif / Rabi

- Use of energy during

- Loans and other liabilities payable by the household

- Access to modern agricultural technology

- Purchase and sale of productive assets

- Expenses and receipts (in Rs) for cultivation (information on expenses incurred towards cultivation and receipts

obtained from output and/or value of by products of the cultivated products)

- Expenses and receipts (in Rs) on farming of animals

- Expenses on non-farm business

- Receipts for running non-farm business

- Consumption of food, pan, tobacco and intoxicants

- Consumption of clothing, footwear

- Expenditure on education and medical (institutional) goods and services

- Expenditure on miscellaneous goods and services including medical (non-institutional), rents and taxes

- Expenditure for purchase and construction (including repair and maintenance) of durable goods for domestic use

TOPICS

Topic	Vocabulary	URI
Infrastructure	World Bank	
Social Development	World Bank	
Macroeconomics & Growth	World Bank	
Labor & Social Protection	World Bank	

KEYWORDS

Unorganised Services (Excluding Trade and Finance) Unorganised Services (Excluding Trade and Finance) Unorganised Services (Excluding Trade and Finance) Unorganised Services (Excluding Trade and Finance), Mixed Activity, Broad Activity Group, Segment number, Own account enterprise (OAE), establishment Enterprise, 5-digit code as per NIC-1998, Nature pf operations - seasonal, perennien and casual, Type of ownership, registered under companies act, Rent, gross value added, Employment, Worker, Fixed assets owned and hired, Banks, Financial Institutions

Coverage

GEOGRAPHIC COVERAGE

The survey covered rural sector of Indian Union except (i) Leh (Ladakh) and Kargil districts of Jammu & Kashmir,

(ii) interior villages of Nagaland situated beyond five kilometres of the bus route and (iii) villages in Andaman and

Nicobar Islands which remain inaccessible throughout the year.

UNIVERSE

The survey did not cover the service sector enterprises pursuing the activities of wholesale and retail trade, repair of motor vehicles, motorcycles and personal and household goods (G); financial intermediation (J); public administration and defence (L); private households with employed persons (P) and extra-territorial organisations and bodies (Q).

Sampling

Sampling Procedure

Sample Design

Outline of sample design: A stratified multi-stage design has been adopted for the 59th round survey. The first stage unit (FSU) is the census village in the rural sector and UFS block in the urban sector. The ultimate stage units (USUs) will be households in both the sectors. Hamlet-group / sub-block will constitute the intermediate stage if these are formed in the selected area.

Sampling Frame for First Stage Units: For rural areas, the list of villages (panchayat wards for Kerala) as per Population Census 1991 and for urban areas the latest UFS frame, will be used as sampling frame. For stratification of towns by size class, provisional population of towns as per Census 2001 will be used.

Stratification
Rural sector: Two special strata will be formed at the State/ UT level, viz.
- Stratum 1: all FSUs with population between 0 to 50 and
- Stratum 2: FSUs with population more than 15,000.
Special stratum 1 will be formed if at least 50 such FSU's are found in a State/UT. Similarly, special stratum 2 will be formed if at least 4 such FSUs are found in a State/UT. Otherwise, such FSUs will be merged with the general strata. From FSUs other than those covered under special strata 1 & 2, general strata will be formed and its numbering will start from 3. Each district of a State/UT will be normally treated as a separate stratum. However, if the census rural population of the district is greater than or equal to 2 million as per population census 1991 or 2.5 million as per population census 2001, the district will be split into two or more strata, by grouping contiguous tehsils to form strata. However, in Gujarat, some districts are not wholly included in an NSS region. In such cases, the part of the district falling in an NSS region will constitute a separate stratum.

Urban sector: In the urban sector, strata will be formed within each NSS region on the basis of size class of towns as per Population Census 2001. The stratum numbers and their composition (within each region) are given below.

- stratum 1: all towns with population less than 50,000
- stratum 2: all towns with population 50,000 or more but less than 2 lakhs
- stratum 3: all towns with population 2 lakhs or more but less than 10 lakhs
- stratum 4, 5, 6, ...: each city with population 10 lakhs or more

The stratum numbers will remain as above even if, in some regions, some of the strata are not formed.
Total sample size (FSUs): 10736 FSUs have been allocated at all-India level on the basis of investigator strength in different States/UTs for central sample and 11624 for state sample.
Allocation of total sample to States and UTs: The total number of sample FSUs is allocated to the States and UTs in proportion to provisional population as per Census 2001 subject to the availability of investigators ensuring more or less uniform work-load.

Allocation of State/UT level sample to rural and urban sectors: State/UT level sample is allocated between two sectors in proportion to provisional population as per Census 2001 with 1.5 weightage to urban sector subject to the restriction that urban sample size for bigger states like Maharashtra, Tamil Nadu etc. should not exceed the rural sample size. Earlier practice of giving double weightage to urban sector has been modified considering the fact that two main topics (sch. 18.1 and sch 33) are rural based and there has been considerable growth in urban population. More samples have been allocated to rural sector of Meghalaya state sample at the request of the DES, Meghalaya.

The sample sizes by sector and State/UT are given in Table 1 at the end of this Chapter.
Allocation to strata: Within each sector of a State/UT, the respective sample size will be allocated to the different strata in proportion to the stratum population as per census 2001. Allocations at stratum level will be adjusted to a multiple of 2 with a minimum sample size of 2. However, attempt will be made to allocate a multiple of 4 FSUs to a stratum as far as possible.

Selection of FSUs: FSUs will be selected with Probability Proportional to Size with replacement (PPSWR), size being the population as per population census 1991 in all the strata for rural sector except for stratum 1.

In stratum 1 of rural sector and in all the strata of urban sector, selection will be done using Simple Random Sampling without replacement (SRSWOR). Samples will be drawn in the form of two independent sub-samples.

Note: Detail sampling procedure is provided as external resource.

Deviations from Sample Design

There was no deviation from the original sampling design

Weighting

Weights (or multipliers) are given at the end of each record.

All records of a household will have same NSS-NSC-MLT figures.

NSS = Bytes 127-129 (3 bytes)
NSC = Bytes 130-132 (3 bytes)
MLT = Bytes 133-142 (10 bytes)

Apply weight (or multipliers) separately for 2 visits as follows :

weight = MLT/200, if NSC > NSS.
      = MLT/100, otherwise.

Using this, weight has been computed and posted in each record.

Questionnaires

Overview

Schedule 33 (Situation Assessment Survey) has been split into several blocks to obtain detailed information on various aspects of farmer households.

Block 0- Descriptive identification of sample household: This block is meant for recording descriptive identification particulars of a sample household.

Block 1- Identification of sample household: items 1 to 12: The identification particulars for items 1, 6 - 11 will be copied from the corresponding items of block 1 of listing schedule (Sch.0.0). The particulars to be recorded in items 2, 3, 4 and 5 have already been printed in the schedule.

Block 2- Particulars of field operation: The identity of the Investigator, Assistant Superintendent and Superintendent associated, date of survey/inspection/scrutiny of schedules, despatch, etc., will be recorded in this block against the appropriate items in the relevant columns.

Block 3- Household characteristics: Characteristics which are mainly intended to be used to classify the households for tabulation will be recorded in this block.

Block 4- Demographic and other particulars of household members: All members of the sample household will be listed in this block. Demographic particulars (viz., relation to head, sex, age, marital status and general education), nature of work, current weekly status, wage and salary earnings etc. will be recorded for each member using one line for one member.

Block 5- Perception of household regarding sufficiency of food: This block will record information about perception of households regarding sufficiency of food.

Block 6- Perceptions regarding some general aspects of farming: In this block some information regarding perception of the farmer household about some general aspects of farming are to be recorded.

Block 7- Particulars of land possessed during Kharif/Rabi: This block is designed to record information regarding the land on which farming activities are carried out by the farmer household during Kharif/Rabi.

Block 8- Area under irrigation during Kharif/Rabi: In this block information regarding the area under irrigation during last 365 days for different crops will be recorded according to the source of irrigation.

Block 9- Some particulars of farming resources used for cultivation during Kharif / Rabi: Information regarding farming resources used for cultivation during the last 365 days will be ascertained from the farmer households and will be recorded in this block.

Block 10- Use of energy during last 365 days: This block will be filled in visit 1 only. Energy is one of the major resources used extensively for farming and all other purposes. This block is designed to collect information on different aspects of energy used for farming.

Block 11- Loans and other liabilities payable by the household as on the date of survey: This block will be filled in visit 1 only. In this block, information will be collected in respect of all kind loans whether cash and kind subject to the amount of Rs 300 for a loan/liability.

Block 12- Access to modern agricultural technology: This block is designed to record information on farmers' access to modern agricultural technology.

Block 13- Purchase and sale of productive assets during July to December 2002/January to June 2003: This block is meant for recording number of productive assets owned as on the date of survey and expenditure incurred for purchase and/or major repair of such assets (if applicable) and income received from sale of these assets during the reference period July to December 2002 for visit 1 schedule and January to June 2003 for visit 2.

Block 14- Expenses and receipts (in Rs) for cultivation during July to December 2002/January to June 2003: This

block is designed to collect information on expenses incurred towards cultivation and receipts obtained from output and/or value of by products of the cultivated products.

Block 15- Expenses and receipts (in Rs) on farming of animals during last 30 days: This block will be used to record the expenditure and receipts for livestock farming during the last 30 days.

Block 16- Expenses on non-farm business during last 30 days: In this block, expenses for running non-farm business of the household will be collected.

Block 17- Receipts for non-farm business during last 30 days: In this block receipts for running non-farm business of the household will be collected.

Block 18- Consumption of food, pan, tobacco and intoxicants: In this block information on consumption of some broad groups of items of food, pan, tobacco and intoxicants for the household for a reference period of 30 days preceding the date of survey will be collected.

Block 19- Consumption of clothing, footwear: In this block, information on value of consumption of all items of clothing and footwear will be collected in whole number of rupees.

Blocks 20- Expenditure on education and medical (institutional) goods and services: Under this block, information will be collected on educational and institutional medical expenses incurred during the last 365 days preceding the date of survey.

Block 21- Expenditure on miscellaneous goods and services including medical (non-institutional), rents and taxes: In this block, relating to miscellaneous goods and services, information will be collected on the expenditure for purchase of these items during the reference period.

Block 22- Expenditure for purchase and construction (including repair and maintenance) of durable goods for domestic use: Information on expenditure incurred for purchase and cost of raw materials and services for construction and repairs of durable goods for domestic use during the last 365 days will be collected in this block.

Block 23- Remarks by investigator: The blank space provided in this block is meant for putting down remarks and observations of the investigator.

Block 24- Remarks by supervisory officer(s): The blank space provided in this block is meant for putting down remarks of the supervisory officer(s) during various stages of supervision and scrutiny.

Data Collection

Data Collection Dates

Data Collection Mode

Face-to-face [f2f]

Data Collection Notes

Period of survey and work programme: The survey period of this round was divided into two sub-rounds of three months duration.

Questionnaires

Schedule 33 (Situation Assessment Survey) has been split into several blocks to obtain detailed information on various aspects of farmer households.

Block 0- Descriptive identification of sample household: This block is meant for recording descriptive identification particulars of a sample household.

Block 1- Identification of sample household: items 1 to 12: The identification particulars for items 1, 6 - 11 will be copied from the corresponding items of block 1 of listing schedule (Sch.0.0). The particulars to be recorded in items 2, 3, 4 and 5 have already been printed in the schedule.

Block 2- Particulars of field operation: The identity of the Investigator, Assistant Superintendent and Superintendent associated, date of survey/inspection/scrutiny of schedules, despatch, etc., will be recorded in this block against the appropriate items in the relevant columns.

Block 3- Household characteristics: Characteristics which are mainly intended to be used to classify the households for tabulation will be recorded in this block.

Block 4- Demographic and other particulars of household members: All members of the sample household will be listed in this block. Demographic particulars (viz., relation to head, sex, age, marital status and general education), nature of work, current weekly status, wage and salary earnings etc. will be recorded for each member using one line for one member.

Block 5- Perception of household regarding sufficiency of food: This block will record information about perception of households regarding sufficiency of food.

Block 6- Perceptions regarding some general aspects of farming: In this block some information regarding perception of the farmer household about some general aspects of farming are to be recorded.

Block 7- Particulars of land possessed during Kharif/Rabi: This block is designed to record information regarding the land on which farming activities are carried out by the farmer household during Kharif/Rabi.

Block 8- Area under irrigation during Kharif/Rabi: In this block information regarding the area under irrigation during last 365 days for different crops will be recorded according to the source of irrigation.

Block 9- Some particulars of farming resources used for cultivation during Kharif / Rabi: Information regarding farming resources used for cultivation during the last 365 days will be ascertained from the farmer households and will be recorded in this block.

Block 10- Use of energy during last 365 days: This block will be filled in visit 1 only. Energy is one of the major resources used extensively for farming and all other purposes. This block is designed to collect information on different aspects of energy used for farming.

Block 11- Loans and other liabilities payable by the household as on the date of survey: This block will be filled in visit 1 only. In this block, information will be collected in respect of all kind loans whether cash and kind subject to the amount of Rs 300 for a loan/liability.

Block 12- Access to modern agricultural technology: This block is designed to record information on farmers' access to modern agricultural technology.

Block 13- Purchase and sale of productive assets during July to December 2002/January to June 2003: This block is meant for recording number of productive assets owned as on the date of survey and expenditure incurred for purchase and/or major repair of such assets (if applicable) and income received from sale of these assets during the reference period July to December 2002 for visit 1 schedule and January to June 2003 for visit 2.

Block 14- Expenses and receipts (in Rs) for cultivation during July to December 2002/January to June 2003: This block is designed to collect information on expenses incurred towards cultivation and receipts obtained from output and/or value of by products of the cultivated products.

Block 15- Expenses and receipts (in Rs) on farming of animals during last 30 days: This block will be used to record the expenditure and receipts for livestock farming during the last 30 days.

Block 16- Expenses on non-farm business during last 30 days: In this block, expenses for running non-farm business of the household will be collected.

Block 17- Receipts for non-farm business during last 30 days: In this block receipts for running non-farm business of the household will be collected.

Block 18- Consumption of food, pan, tobacco and intoxicants: In this block information on consumption of some broad groups of items of food, pan, tobacco and intoxicants for the household for a reference period of 30 days preceding the date of survey will be collected.

Block 19- Consumption of clothing, footwear: In this block, information on value of consumption of all items of clothing and footwear will be collected in whole number of rupees.

Blocks 20- Expenditure on education and medical (institutional) goods and services: Under this block, information will be collected on educational and institutional medical expenses incurred during the last 365 days preceding the date of survey.

Block 21- Expenditure on miscellaneous goods and services including medical (non-institutional), rents and taxes: In this block, relating to miscellaneous goods and services, information will be collected on the expenditure for purchase of these items during the reference period.

Block 22- Expenditure for purchase and construction (including repair and maintenance) of durable goods for domestic use: Information on expenditure incurred for purchase and cost of raw materials and services for construction and repairs of durable goods for domestic use during the last 365 days will be collected in this block.

Block 23- Remarks by investigator: The blank space provided in this block is meant for putting down remarks and observations of the investigator.

Block 24- Remarks by supervisory officer(s): The blank space provided in this block is meant for putting down remarks of the supervisory officer(s) during various stages of supervision and scrutiny.

Data Collectors

Name	Abbreviation	Affiliation
Field Office Division (NSSO)	FOD (NSSO)	Minstry of Statistics and PI, Govt. of India

Supervision

Field Office Division of NSSO, Ministry of Statistics and PI

Data Processing

Data Editing

Data was collected as per the Questionnaire Sch. 33. Data editing, scrutiny and validation were carried out as per the scrutiny checks and corrected manually.

Other Processing

Note for users :
----
(1) These are text data with fixed record-length of 142 characters.
First 126 bytes are data, and remaining 16 bytes are weights.

(2) The Layout of data is given in the EXCEL-file layout.xls.
The layout of multiplier file is in MS-WORD file layout.doc

(3) The data is organised in various levels having different data
formats. Information regarding which block of the Schedule has
been put into which level, is given in the file layout.xls.

(4) For generating any estimate, one has to extract relevant portion
of the data, and aggregate after applying the weights.

(5) This survey is divided into 2 visits. Data and multipliers for
the 2 visits are totally separate.

(6) Weights (or multipliers) are given at the end of each record.
All records of a household will have same NSS-NSC-MLT figures.

NSS = Bytes 127-129 (3 bytes)
NSC = Bytes 130-132 (3 bytes)
MLT = Bytes 133-142 (10 bytes)

Apply weight (or multipliers) separately for 2 visits as follows :

weight = MLT/200, if NSC > NSS.
       = MLT/100, otherwise.

(6) Common Primary Key for identification of a record for any record is

FSU Sl. No. = 4(5) (i.e. offset=4th byte, length=5 bytes)
Hamlet Group = 29(1)
2nd State Stratum = 30(1)
Visit = 31(1)
Household Srl. No.= 32(2)
Level No. = 34(2)
Item/Person Sl.No.= 36(5)

In case of those Blocks/Levels, where Item/Person Sl.No. is not
applicable the field is filled up with 00000.

(7) In the value fields (Rs. or Quantity or Area etc.) only the
numeric figure is given in datafile. The decimal point is
to be assumed after looking at the type of that field in the
printed schedule.

List of Documents

General Information -- README.TXT

Text Data Layout -- LAYOUT.XLS

Multiplier layout -- LAYOUT.doc

Other documents are common to all schedules of 59th round.
Those have already been sent along with 59thRd. Sch.1.0 data.

File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 1	
Literal question	
Sector	

State-Region (ST_RGN)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 3	
Literal question	
State-Region	

District (DISTT)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 2	
Literal question	
District	

Stratum (STRTM)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 2	
Literal question	
Stratum	

Sub-Round (SUB_RND)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 1	
Literal question	
Sub-Round	

Sub-sample (SUB_SMP)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 1	

Literal question

Sub-sample

FOD-Sub-Region (FOD_RGN)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 4	

Literal question

FOD-Sub-Region

Hamlet group/Sub-block no. (HAMLET_NO)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 1	

Literal question

Hamlet group/Sub-block no.

Second-stage-stratum no. (SSS)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 1	

Literal question

Second-stage-stratum no.

Visit number (VISIT_NO)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 329908
Format: character	Invalid: 0
Width: 1	

Literal question

Visit number

Sample hhld. No. (SMPHH_NO)
File: bk_15 (LEVEL-14)

Overview

Type: Discrete
Format: character
Width: 1

Valid cases: 329908
Invalid: 0

Literal question

Sample hhld. No.

Level (LEVEL)
File: bk_15 (LEVEL-14)

Overview

Type: Discrete
Format: character
Width: 2

Valid cases: 329908
Invalid: 0

Literal question

Level

Filler (Filler_1)
File: bk_15 (LEVEL-14)

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-0

Valid cases: 329908
Invalid: 0

Serial number for list of items (B15_C1)
File: bk_15 (LEVEL-14)

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-25

Valid cases: 329908
Invalid: 0
Minimum: 1
Maximum: 25
Mean: 13.4
Standard deviation: 8.2

Literal question

Serial number for list of items

Activity- Dairy (B15_C3)
File: bk_15 (LEVEL-14)

Overview

Activity- Dairy (B15_C3)
File: bk_15 (LEVEL-14)

Type: Continuous
Format: numeric
Width: 6
Decimals: 0
Range: 0-600000

Valid cases: 273657
Invalid: 56251
Minimum: 0
Maximum: 600000
Mean: 757.8
Standard deviation: 2463.6

Literal question

Activity- Dairy

Activity- Sheep,goat etc. (B15_C4)
File: bk_15 (LEVEL-14)

Overview

Type: Continuous
Format: numeric
Width: 5
Decimals: 0
Range: 0-99500

Valid cases: 48061
Invalid: 281847
Minimum: 0
Maximum: 99500
Mean: 252
Standard deviation: 921.5

Literal question

Activity- Sheep,goat etc.

Activity- Piggery (B15_C5)
File: bk_15 (LEVEL-14)

Overview

Type: Continuous
Format: numeric
Width: 6
Decimals: 0
Range: 0-225000

Valid cases: 5840
Invalid: 324068
Minimum: 0
Maximum: 225000
Mean: 893.2
Standard deviation: 6841.3

Literal question

Activity- Piggery

Activity- Poultry (B15_C6)
File: bk_15 (LEVEL-14)

Overview

Type: Continuous
Format: numeric
Width: 6
Decimals: 0
Range: 0-250000

Valid cases: 46355
Invalid: 283553
Minimum: 0
Maximum: 250000
Mean: 266.2
Standard deviation: 3579.7

Literal question

Activity- Poultry

Activity- Duckery (B15_C7)
File: bk_15 (LEVEL-14)

Overview	
Type: Continuous	Valid cases: 4233
Format: numeric	Invalid: 325675
Width: 4	Minimum: 0
Decimals: 0	Maximum: 3000
Range: 0-3000	Mean: 48.7
	Standard deviation: 101.4

Literal question

Activity- Duckery

Activity- Fishery (B15_C8)
File: bk_15 (LEVEL-14)

Overview	
Type: Continuous	Valid cases: 1576
Format: numeric	Invalid: 328332
Width: 5	Minimum: 0
Decimals: 0	Maximum: 35000
Range: 0-35000	Mean: 397.3
	Standard deviation: 1793.7

Literal question

Activity- Fishery

Activity- Bee-keeping (B15_C9)
File: bk_15 (LEVEL-14)

Overview	
Type: Discrete	Valid cases: 0
Format: numeric	Invalid: 329908
Width: 1	
Decimals: 0	

Literal question

Activity- Bee-keeping

Activity- Other livestock (B15_C10)
File: bk_15 (LEVEL-14)

Overview	
Type: Continuous	Valid cases: 28354
Format: numeric	Invalid: 301554
Width: 5	Minimum: 0
Decimals: 0	Maximum: 23000
Range: 0-23000	Mean: 366.2
	Standard deviation: 892.9

Literal question

Activity- Other livestock

Total (B15_C11)
File: bk_15 (LEVEL-14)

Overview	
Type: Continuous	Valid cases: 329893
Format: numeric	Invalid: 15
Width: 6	Minimum: 0
Decimals: 0	Maximum: 600000
Range: 0-600000	Mean: 752.6
	Standard deviation: 2838.7

Literal question

Total

NSS Count (NSS_CNT)
